INDEX.

A

Aborigines, crania of the, 128
Abstinence from nourishment, 21
Adhesion of the pericardium, 394
Alluvial formations in the U. States, 116
Alum, slate, notice of, 132
Anderson, Mr. W. his Cooper's Dictionary, 236
Animals, nervous system of, 121
Animals, parasitical, 336
Animal heat, 394
Annals of the Lyceum, 389, 502
Anthrax, case of, 37
Arachinides, account of, 340
Areolæ, as signs of pregnancy, 16
Arm presentation, case of, 59
Arsenic, as a poison, 28
Artificial pupil, 395
Atlantic coast, climate of, 273
Auburn, consumption at, 339

B

Baldwin, Dr. O. Letter of, 246
Banker, Dr. G. case of pregnancy, 135
Barrenness, causes of, 120,
Beck Dr. J. B on anthrax, 37
Beck Dr. J B. on onychia maligna, 328
Beck, Dr. J. B. on ulceration of the stomach, 455
Beck, Dr. L C. on the ranunculus, 113
Beck, Dr. L. C on climate, 273
Beck, Dr T. R. on consumption, 133
Beck, Dr. T. R meteorology by, 253
Bladder, communication with, 261
Blisters, effects in carbuncles, 37
Blood, uree in, 526
Borrone, M. case of cæsarean section, 140
Bronchocele, in the state of New-York, 248
Bronchocele, treatment of, 519
Broughton, Mr on the nerves, 392

C

Cæsarean section, cases of self-performed, 40, 42, 43
Cæsarean section, case of, 140
Calculous complaints, electricity in, 522
Cantharides, action of, 27, 247
Carbuncles, treatment of, 37
Carcinoma of the uterus, 423
Carices, American, 513
Catalpa, notice of the, 277
Catheter, improvement in, 451
Cerium, locality of, 253, 510
Chancres, period of appearing, 261
Children, different weights of, 19
Christison, Dr. on oxalic acid, 255
Climate, observation on 273
Clinton. Dr De Witt, on the Columba, 210
Clinton, Dr. De Witt, on a new fish, 512
Cock, Dr. T. on spontaneous evolution, 59
Colburn, Zerah, notice of, 23
Colon, stricture of, 189
Columba migratoria, 210
Congenital diseases, 21
Congenital intermittent, 94
Contagion in yellow fever untenable, 472
Contagious fevers, rules for, 145
Convolvulus jalapa virtues of, 30
Consumption, facts concerning, 133
Cooper, Mr E. G. on the catheter, 451
Cooper, Mr. S. his dictionary, 236
Cooper, Mr. S. his first lines, 236
Cornus florida, virtues of, 91
Correspondents, notice to, 144, 532
Coster Dr. on iodine, 519
Cotten, notice of, 286
Coventry, Dr. A. on dysentery, 299
Copnox, notice of, 26
Cozzens, Mr 1. on rhus glabrum, 511
Crania, account of, 128
Crotalus horridus, poison of, 28
Croton tiglium, effects of, 27
Cruritis, case of, in male, 334
Crustaceous animals, notice of, 216
Crustaceous animals, as parasites, 339
Cynanche laryngea, cases of, 436

D

Davis, Dr. C on hydrophobia, 105
Death, by nux vomica, 139
Dekay, Dr. J. E. on gum ascaroides, 387
Dekay, Dr. J. E. on organic remains, 512
Diagnonis of plague, 45
Diaphragm, hernia of, 525
Diet, as a cause of disease, 81
Diseases, notice of congenital, 21
Diseases of Genesee country, 70
Dissections in dysentery, 301
Dropsy of the ovarium, 203
Dropsy, case of inflammatory, 463
Dupuytren, M. on prolapsus ani, 140
Dwight, Rev. Dr T on goitre, 248
Dysentery, observations on, 299

E.

Eberle. Dr. J. letter of, 516
Eddy Dr J. medical journal, 320
Eights Dr. J. on carcinoma, 423
Elaterium, as a poison. 27
Epidemics in Genesee country, 76
Ergot, pernicious effects of, 30

F

Facts on medical jurisprudence, 9
Fevers, essays on, 360
Fevers of salina, 77, 101
Fever yellow, on, 40, 315, 373, 363, 472
Finch, Mr J on alluvial formations, 116
Flora of the U S. 379
Fossil remains, accounts of, 216
Francis, Dr. J. W. on medical jurisprudence, 9
Francis, Dr. J. W. case of sarcoma, 203

G

Geneva, notice of, 76
Genesee country, notice of, 65
Gloninger, Dr. J. W. on loss of muscular power, 111
Goitre in New-York, 76
Goitre, use of iodine in, 519
Gonorrhœa, times of appearing, 25
Graduates in the University, list of, 136
Greenwich, yellow fever at, 481

H

Hadley, Dr. J. on native minerals, 132
Halsey, Mr. A. on the lichens of New-York, 504
Handy, Dr. W. on uterine hemorrhage, 194
Haygarth, Dr. J. on contagious fevers, 145
Heart, case of malformation of, 444
Hemiplegia, extravasation in, 525
Hemorrhage from the uterus, 194
Hereditary diseases, 21
Hernia, through the diaphragm, 525
Hernia, Russian treatment of, 397
Hildebrand, M. on hernia, 397
Hops, properties of, 501
Hosack, Dr. D. letter of to Editors, 145
Hosack, Dr. D. on prussiate of iron, 199
Hydrocephalus, successfully treated, 466
Hydrophobia, cases of, 105
Hydrophobia, spontaneous, 29

I

Impotence, causes of, 11
Indian females, menstruation of, 15
Infants, teething of, 405
Infanticide, singular case of, 20
Insects, account of, 342
Iodine, preparation of, 263
Iodine, in goitre, 519
Iron, prussiate of, properties of, 199
Ives, Dr. A. W. pharmacologia edited, 498

J

Jalap, peculiar properties of, 30
James, Dr. E. on pumice, 505
Jefferson, Mr. remarks on, 275
Johnson, Dr. C. on inverted uterus, 259
Johnston, Dr. F. U. case of twins, 134
Journal of medical cases, 320
Journal of medicine, monthly, 136

K

King, Dr. L. letter of, 517

L

Laryngitis, cases of, 436
Le Conte, Capt. J. on the siren, 513
Lightning, effects of, 21
Liliodendron, effects of, 91
Ludlow, Dr. E. G. on Genesee country, 65
Ludlow, Dr. E. G. on dropsy, 463
Lupulin, account of, 500
Lichens, of New-York, 504
Lyceum of New-York, 389, 502
Lytta, effects of, 27, 247

M

McClellan Dr. on osteo-sarcoma, 516
Macneven, Dr. W. J. on the salines, 515
McNaughton, Dr. J. on vomiting, 162
Man and animals, nerves of, 121
Marsh miasma, consequence of, 82
May apple, virtues of, 30
Medical faculty of Paris, 265
Medical Journal, notice of, 136
Medical jurisprudence, facts on, 9
Medical society of New-York, 244
Menstruation, pregnancy without, 13
Mercury in onychia, 328
Metastasis, case of, 201
Meteorological observations, 76. 141. 253. 270 398. 529
Meyer, M. on transition of fluids, 392
Miner, Dr. T. essays of, 360
Mississippi, climate of, 273
Missouri, the pumice of, 505
Mitchill, Dr. S. L. on fossil remains, 216
Mitchill, Dr. S. L. on parasitical animals, 336
Mitchill, Dr. S. L. on the vampyre, 507
Molluscous parasite, notice of, 336
Mortality in New-York, 254
Mott, Dr. V. cases of osteo-sarcoma, 157. 247. 401
Muscular power, loss of, 111

N

Nervous system, view of, 120
New-Orleans, yellow fever at, 315
New-York, goitre of, 248
New-York, Lyceum of, 502
New York, lichens of, 504
New-York, meteorological observations at, 141. 270. 398. 529
New-York, report of deaths, 254
New-York, yellow fever of, 472
Nux vomica, death by, 139

O

Obstetric cases, 429
Occupation, a cause of disease, 81
Oil of croton, effects of, 27
Oil of tansy, effects of, 27
Oil, in the human blood, 258
Oil of ricinus communis, 264
Oil of turpentine in constipation, 470
Onondaga salt works, 515. 522
Onychia maligna, cases of, 328
Osteo-sarcoma, cases of, 157. 247. 401
Ovaria, functions of, 17. 516
Ovarium, remarkable disease of, 203
Oxalic acid, poisoning by, 255

P

Paris, new medical faculty, 265
Paris, Dr. A. R. pharmacologia of, 498
Parasitical animals, account of, 336
Paroquet, notice of the, 280
Passenger pigeon, account of, 210
Peixotto, Dr. D. L. M. on typhus, 172
Peixotto, Dr. D. L. M. on laryngitis, 486
Pelvis, deformities of, 10
Pendleton, Dr. J. M. on spontaneous evolution, 59
Pensacola, yellow fever at, 315
Pennel, Dr. R. meteorological observations, 141. 270. 398. 529
Perkins, Dr. C. on malformation of the heart, 444
Phlegmasia dolens, cases of, 194. 334
Plague, diagnosis of, 40
Plants of St. Louis, 297
Pneumonia typhodes, case of, 75

Poisons, notice of, 27
Poisons, remarks on, 266
Poison, by oxalic acid, 255
Podophyllum peltatum, on, 91
Potass, hydriodate of, 263
Pregnancy, signs of, 12
Pregnancy, during lactation, 13
Pregnancy, case of compound 135
Prolapsus ani, new mode of cure, 140
Prunus verticillatus, properties of, 75
Prussiate of iron, properties of, 199
Pulmonary consumption at Auburn, 389

R

Rabies, spontaneous cases of, 29
Ranunculus, new species of, 112
Rattlesnake, poison of, 28
Remittents in Genesee, 96
Remittents and dysentery, 98
Renwick, Prof. J. on Torrelite, 510
Report of deaths in New-York 254
Review of Warren on the nervous system, 121
Review of Waterhouse on pertussis, 223
Review of Anderson's Cooper's Dictionary, 236
Review of Stevens's Cooper's First Lines, 236
Review of Tully and Minor's Essays, 361
Review of Torrey's Flora of the U. States, 379
Review of Townsend on Yellow Fever, 472
Review of Ives's Paris's Pharmacologia, 498
Rhus glabrum, acid of, 511
Rogers, Dr. J. S on hydrocephalus, 466
Rules for contagious fevers, 146

S

Salina, diseases of, 77, 101
Salivation, causes of, 26
Salt, essay on, 514
Schlagintweit, Dr. on artificial pupil, 395
Schneck, Mr. H. on podophyllum, 30
Schweinitz, M. on the carices, 513
Scutellaria, effects in hydrophobia, 105
Scutellaria, remedial effects of, 517
Segalas, M on nux vomica, 130
Siren, new species of, 513
Spontaneous evolution, cases of, 59, 429
Spoor, Dr. A. D. on stricture of the colon, 189
Statistics of Genesee, 65
St. Louis, plants growing at, 297
Stearns, Dr J. note of, 144
Stevens, Dr. A. H. his edition of Cooper, 236
Stomach, case of enlarged, 245
Stomach, perforation of, 455
Stomach, communication with bladder, 261
Stringham, Dr. J. S. notice of, 11
Stricture of the colon, 189
Stuttering, hereditary, 23
Sutherland, Dr. T. letter of, 245
Syphilitic inflammation, on, 393

T

Tansy, bad effects of, 27
Teething, remarks on, 405
Tetanus, case of, 246
Tænia, Abyssinian remedy for, 393
Topography of Genesee country, 65
Torrey, Dr. J. flora of, 379
Torrey, Dr. J. on rare plants, 509
Torrey, Dr. J. on Yenite, 512
Torrelite, a new mineral described, 510
Townsend, Dr. P. S. on plague, 40
Townsend, Dr. P. S. case of metastasis, 201
Townsend, Dr. P. S. on yellow fever, 315
Townsend, Dr. P. S. work on yellow fever, 472
Tracy, Mr. J. G. on the ranunculus, 112
Trail, Dr. J. S. on oil in human blood, 258
Transudation in human body, 262
Trenor, Dr. J. on teething, 405
Tropical climates, typhus of, 172
Tully, Dr. W. essays of, 361
Turpentine, in traumatic tetanus, 388
Turpentine, in constipation, 470
Tussis, convulsiva, notice of, 223
Twins, singular case of, 134
Typhus, observations on, 172

U

Ulceration of stomach, 455
Ulcers, case of chronic, 263
Umbilical chord, great length of, 20
United States, alluvial formation of, 116
United States, flora of, 379
University of New-York, 136
University of New York, circular of, 248
Urée in the blood, 526
Uterine hemorrhage, case of, 194
Utero-gestation, period of, 17
Uterus, carcinoma of, 423
Uterus, case of inverted, 259
Uttini, Dr. on the umbilical chord, 391

V

Valley of the Mississippi, climate of, 273
Vampire, account of, 507
Van Rensselaer, Dr. J. essay of, 514
Volney, M. remarks concerning, 282
Vomiting, observations on chronic, 162
Von Autenrieth on syphilis, 393

W

Warren, Dr. J. C. on the nervous system, 120
Waterhouse, Dr. B. on pertussis, 223
Williamson, Dr. H. strictures on, 288
Willoughby, Dr. W. cases in obstetrics, 429
Wilson, Dr. A. D. on cruritis, 334
Wood, Dr. S. on constipation, 470

Y

Yellow fever, diagnosis of, 40
Yellow fever, at Middletown, 373
Yellow fever, at New-Orleans, 383
Yellow fever, of New-York, 472
Yellow fever, at Pensacola, 315
Yellow fever, in the country, 482
Yellow fever, not contagious, 473
Yellow gum of New Holland, 387
Yenite, discovery of, 512

Z

Zinc, native sulphuret of, 133
Zoophites, account of, 351

END OF VOLUME SECOND.

J. SEYMOUR, Printer, John-street, New-York.
